Focus for Mexico Mission Trip:

We will **serve** the community of The Canyon (former city dump of Tijuana) by building a house for a family, join many of the service ministries of the Baja Family Outreach Church (BFOC), & teaching English as a Second Language to children and adults.

We will **worship** together with TCM and BFOC in a bi-lingual night of praise and attend/participate in worship service at BFOC.

We will **grow** spiritually as individuals, a group, and as a community in faith with our partners TCM and BFOC. We will grow individually through group teachings & bible study. This short term "small group" will grow together through trip planning, conversation, experiencing a mission trip together. We will grow as a community in faith with TCM and BFOC through worship, service, and building intentional relationships.
