Reserved details:

We process thousands of messages today in the media, Hollywood and advertising regarding sex, appearance, and self-image. This year’s winter retreat for teens is all about understanding what God’s idea in these areas of our lives are all about. Getting to the core of the matter, our special guest speakers and break out sessions for guys and girls will bring great insight on how to deal with these important areas of our lives. We are taking on the tough questions... real life, real answers.
